PROFESSIONAL SUMMARY

SQA-focused software professional with 2+ years of web development experience and hands-on expertise in manual testing, API testing, test case design, defect reporting, performance testing, and Cypress automation. Experienced with Laravel, PHP, JavaScript, React, MySQL, Postman, Jira, and GitHub. Seeking an SQA Engineer role to apply combined development and testing expertise.

PROFESSIONAL EXPERIENCE

Assistant Programmer | RK Software (Bangladesh) Limited *May 2026 – Present*

- Designing UI/UX for the DNCC Revenue Management System.
- Managing the Education Management System — providing technical support and handling system configuration and institute-related requirements.

Junior Assistant Programmer | RK Software (Bangladesh) Limited *March 2025 – April 2026*

- Developed and maintained web application features using PHP, Laravel, JavaScript, and MySQL.
- Worked with application modules, data handling, and troubleshooting to support business requirements.
- Collaborated with team members to identify and resolve application issues.

WordPress Site Designer & Developer | Khan Revive *October 2024 – February 2025*

- Customized and developed WordPress websites based on project requirements.
- Worked with WordPress, WooCommerce, Elementor, APIs, and related web technologies.

SQA & TESTING SKILLS

- **Manual Testing:** Requirement Analysis, Test Planning, Test Case Design & Review, Test Execution, Test Reporting, Root Cause Analysis, and Bug Reporting using test management tools.
- **API Testing:** Postman and Newman
- **Project / Test Management:** Jira
- **Testing Concepts:** SDLC, STLC, OOP
- **Programming Languages:** Java, Python
- **Source & Version Control:** GitHub

SELECTED PROJECTS

Manual Testing — E-commerce & Airline Booking Platforms

Description: Performed manual testing on three live web applications (Othoba.com, Pickaboo.com, Biman Bangladesh Airlines) to identify functional, UI, and validation issues.

Testing: Registration, Login, Search, Wishlist, Cart, Payment, Order Tracking, Flight Search & Booking, Passenger Selection, Form Validation

Test Documentation: Test Plans, Mind Maps, Test Scenarios, Test Cases, Bug Reports, Test Summary Reports, Test Metrics

Project Links: Othoba.com | Pickaboo.com | Biman Bangladesh Airlines

RK Education Management System — Manual Web Application Testing

Description: Performed manual testing of a two-portal (Back Office & Institute Portal) education management system to verify functionality, UI, validation, and user workflows.

Testing: Functional Testing, UI Testing, Form Validation, CRUD Testing, Navigation Testing, Responsive Testing

Tools: Manual Testing, Google Sheets

Project: Project Documentation

API Testing & Data-Driven Testing — RESTful APIs

Description: Performed API testing using Postman to validate REST API endpoints, response status codes, response bodies, data integrity, and request/response behavior. Implemented automated assertions and Data-Driven Testing (DDT) to execute test scenarios using multiple datasets.

Technologies: Postman, Newman, JavaScript, JSON, CSV, REST API Testing

Testing:

- CRUD Operations: Create, Read, Update (PUT), and Partial Update (PATCH)
- Authentication Testing and Token Management
- Automated Assertions for Status Codes, Response Time, Response Body, and Data Validation
- Data-Driven Testing using JSON datasets and multiple iterations
- Environment Variables and Dynamic Test Data Management
- API Response Validation and Negative Test Scenarios
- Command-Line Test Execution using Newman
- HTML Test Report Generation and Execution Summary Analysis

Test Documentation: Postman Collections, Environment Files, Test Scripts, Data Files, Newman HTML Reports
